Make the move to DASH—Gore Mutual's new standard for auto insurance reporting

Since its launch last June, Driver and Auto Search History (DASH) has quickly become the preferred auto insurance reporting tool for many of our broker partners. With DASH expected to become the industry standard, now is the time to transition. To support this change, Gore Mutual is continuing to sponsor broker access to DASH.

Why move to DASH?

DASH offers a secure, intuitive portal with enhanced features, including:
- On-demand access to detailed driver and vehicle reports
- Customizable searches for improved accuracy
- Comprehensive auto insurance history insights, including past policies, claims, vehicle identification number (VIN), and vehicle brand information
- A streamlined quoting process, allowing brokers to create more accurate and customized quotes

Gore Mutual is sponsoring brokerage access now

Gore Mutual is pleased to offer sponsorship, ensuring our broker partners can transition seamlessly to this enhanced platform.

Get sponsored today

If you haven't already made the move to DASH, now is the time. AutoPlus will soon be phased out, and DASH will soon be Gore Mutual's standard for auto insurance reporting.

Apply here for DASH sponsorship now.

For more information or assistance with the transition, please contact your business development representative.
